Marset TXL 2019 Outdoor Floor Lamp

A redesign of the original TXL outdoor lamp by Joan Gaspar for Marset, “all things must change to stay the same”, keeping up with technology, the TXL lamp has been improved with a new fabric shade. Maset TXL emits a warm light like an indoor lamp to create a welcoming atmosphere. Joan Gaspar's TXL is designed to illuminate gardens, terraces and patios. Perfect for entertaining or simply enjoying the outdoor space as an extended living room.

Tough and impressive, the floor version sits on a concrete base which supports a voluminous shade made from Textilene and acid-etched glass.
