PRODUCT DESCRIPTION

Designer: Whatswhat

Muuto Pull Floor Lamp

The Muuto Pull Floor Lamp is a playful lighting solution with a warm personality and Scandinavian elements. The Muuto Pull brings a new vibe to traditional lighting and its name comes from the ability to adjust the height of the shade by pulling the excess cord, and therefore changing the mood in the room to suit your needs. Designed by Whatswhat this floor lamp is available in two contemporary finishes, either warm oak or soft grey, both broadcasting a clear Scandinavian style and blending into a range of modern interiors.

Whatswhat are based in Stockholm but their work has gained worldwide recognition, winning multiple awards for their designs - the Pull Floor Lamp won the 2011 Muuto Talent Award for its ability to combine innovative functionality and organic character. A beautiful addition to residential and commercial interiors, adding warm ambient lighting to living rooms, dining rooms, hallways and even bedrooms. Similarly, it generates a cosy atmosphere in hotels, restaurants, reception areas and bars.
