PRODUCT DESCRIPTION

Designer: Broberg & Ridderstråle

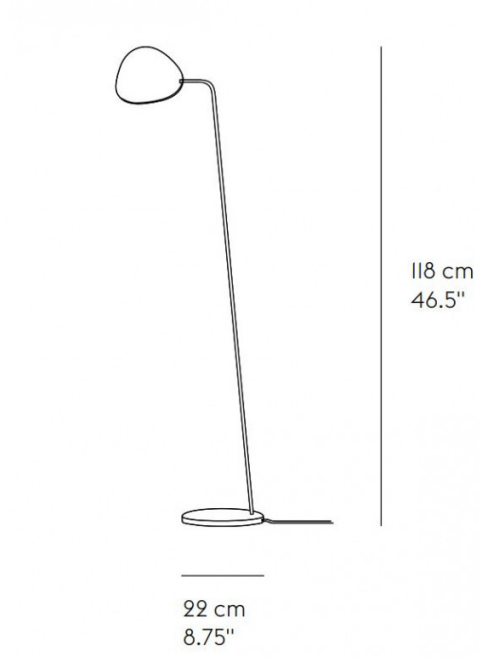

Muuto Leaf LED Floor Lamp

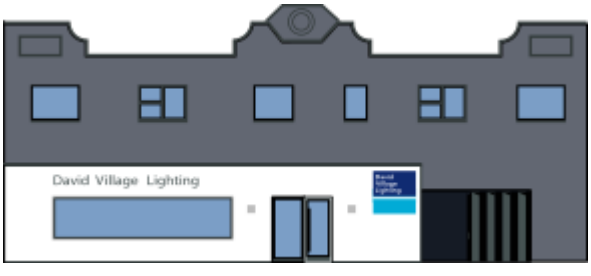

Designed by Broberg & Ridderstrale, the Muuto Leaf Floor Lamp harbours a slender and unobtrusive stem holding an adjustable lamp head. The design duo found inspiration in the form of the leaves of a tree, wanting to create an organic and functional lighting solution. Leaf Floor Lamp uses integrated LED technology and is equally suited for your private home, as an office lamp or for a commercial interior.

The Leaf floor lamp's dimming function, located discretely under the head of the lamp, makes it possible to control the light and the ambience of the room. Due to the adjustable nature of the LED lamp head, the Leaf Floor Lamp can provide either direct task lighting or indirect ambient lighting depending on what your space requires. Available in 4 subtle finishes, this modern floor lamp can easily adapt to a range of contemporary interiors.
