Fluid Pendant Light by Muuto

Like a resting drop of water, the Fluid pendant light was inspired by the beauty and alluring appearance of fluid drops. An organic shape with a soft appearance, the choice of frosted glass adds to its beauty.

The Fluid pendant light emits a diffused warm light and is available in two sizes, a small (Ø 23 cm) and large (Ø 42 cm) version. You can install a single Fluid pendant or choose to create your own cluster with similar or different sized pendants.
