PRODUCT DESCRIPTION

Designer: George Carwardine

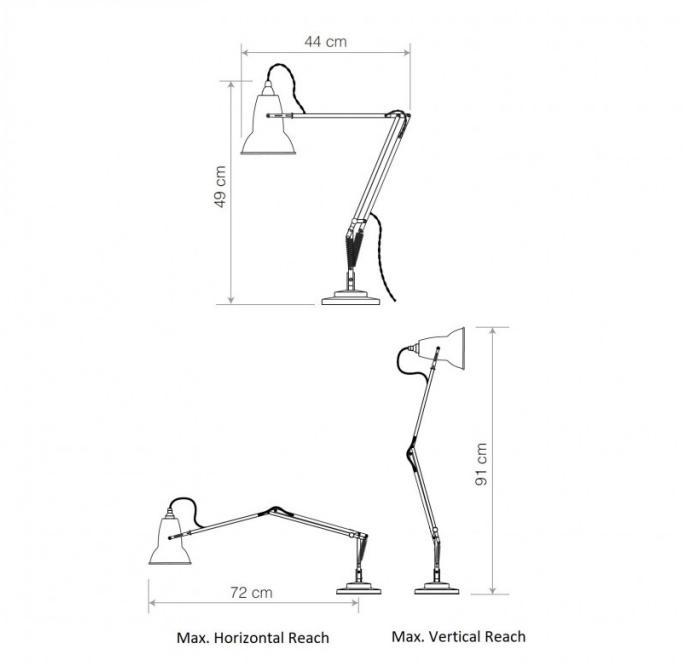

Anglepoise Original 1227 Brass Desk Lamp

The Original 1227 Brass Desk Lamp is a reinvention of the classic Anglepoise Desk Lamp, designed by George Carwardine. Utilising the signature Anglepoise tension spring technology, the 1227 can be adjusted with ease to direct light as needed, perfect for reading and working. This flexibility, smooth movement, and perfect balance are synonymous with Anglepoise and are a celebration of the company's rich design history.

The brass detailing throughout the Original 1227 Brass Desk Lamp adds an ornamental detail, softening the lamp's industrial appearance. The colour palette of Ink Blue, Jet Black, and Elephant Grey is inspired by Anglepoise heritage colours, harking back to vintage design. With beautiful brass details and a delicate woven fabric cable, the Original 1227 Brass Desk Lamp adds a sophisticated presence to office spaces, bedsides, or shelves throughout the home. Display with other pieces from the **Original 1227 Collection** for a cohesive theme and a timeless aesthetic.
