PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 14 Series Chandelier

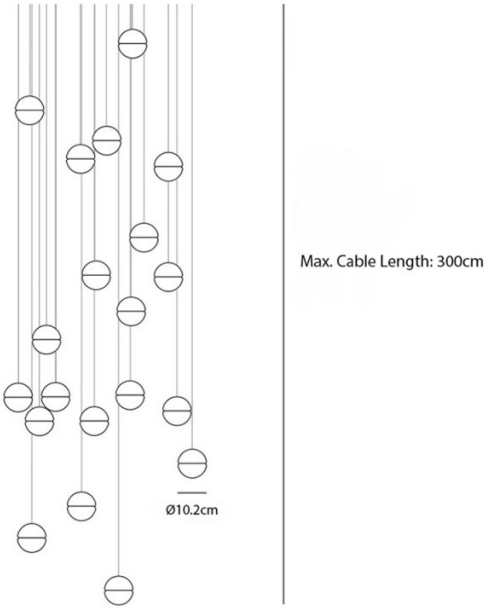

The Bocci 14 Series Chandelier is made up of multiple 14 Series pendants, using either a round, rectangular, or square ceiling canopy. The chandelier is available with 11, 14, 16, 20, 26, 36 or even 50 pendant lights, organised in an array of non-adjustable heights to produce a spontaneous-looking aesthetic. Each glass sphere holds a light source, which is included by Bocci.

You can choose between a **Xenon 10W** bulb or an **LED 1W** bulb which are both dimmable so you can create the exact atmosphere you want. The chandelier light is perfect for many spaces and will particularly thrive in bigger settings with high ceilings. The overall effect of the 14 Series chandelier light is magnificent and spectacular and is a contemporary and stylish twist on traditional lighting.

Please note, the Bocci 14 Series Chandelier is supplied with a white ceiling canopy as standard. Alternative canopy finishes and the Mirror 1 glass finish are also available. For further information and pricing, please contact us.
