Fork Maxi Table Light By Diesel

PRODUCT DESCRIPTION

Made of steel with a diffuser inspired by fashion and an informal, playful style, Fork is exactly what its name suggests. Creating the same effect as turning on a light inside a camping tent, the light inside highlights the diffuser's patchwork structure, its fabric and its visible, jeans-like stitching.

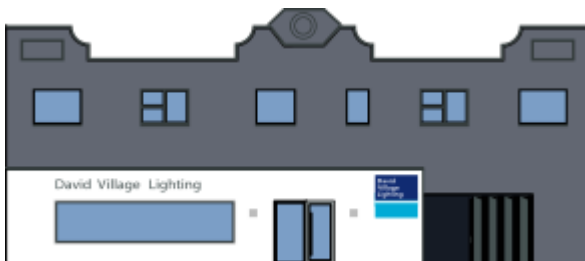

Nothing is left to chance in Fork. The concept takes a range of forms in a complete family of lamps for any environmental needs.

The new Fork table lamps have a short stem and a diffuser, which is adjustable to 360 degrees and totally flexible. Fork Maxi is perfect on a dresser or console.

Light source excluded.
