PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Kartell Masters Stool 99cm

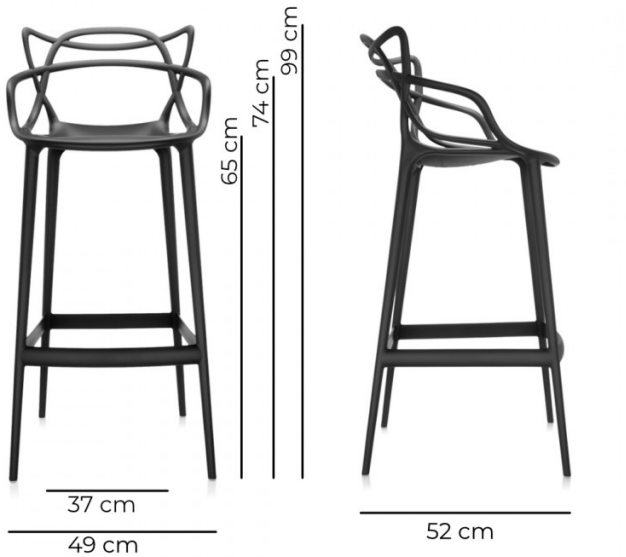

We currently have limited stock of one of these items in our Clearance section .

Kartell now offer two stool versions of their **Masters Chair** (winner of the Good Design Award 2010 and the Red Dot Award 2013, and a worldwide best seller). The Masters collection, designed by Philippe Starck for Kartell, is a powerful tribute to three unmistakable symbolic chairs - "Series 7" by Arne Jacobsen, the "Tulip Armchair" by Eero Saarinen and the "Eiffel Chair" by Charles Eames. Starck blends these ideas to create a hybrid, birthing a fusion of original and engaging styles. To transform the design of the chair into a stool, the legs are lengthened, and the seat shrunk, but the frame's unmistakable graphic look, created by the weave of the silhouettes of three iconic chairs, remains the same.

The stools are available in two sizes: this 99cm version and the **109cm version (75cm seat height)**. The Kartell Masters Stool has always been available in a range of vibrant colours. Now, the Masters colour palette has also been updated to include sophisticated metallic finishes (gold, chrome and titanium). With practicality at its heart, the Masters Stool is lightweight and suitable for both indoor and outdoor use. The white, grey, black, rusty orange and sage green finishes are made from recycled thermoplastic techno polymer with mineral filler as part of Kartell's sustainability initiative, Kartell Loves the Planet.

PRODUCT SPECIFICATION
