PRODUCT DESCRIPTION

Designer: Giuseppe Maurizio Scutella

Artemide Pirce Mini Ceiling Light

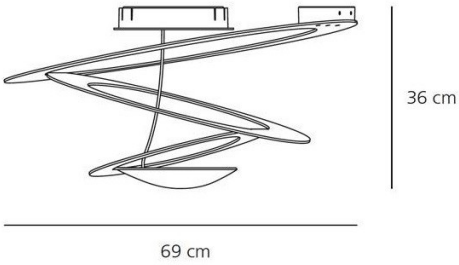

Designed by Giuseppe Maurizio Scutellà in 2008 for Artemide, the Pirce Mini Ceiling Light is an extension to the Pirce Collection. Created to portray emotion, dynamism, and art, the Pirce has won multiple awards and remains one of Artemide's most popular lights. The sculptural, coated aluminium shade delivers sculptural light effects while concealing the light source for a comfortable, glare-free glow.

The Pirce Mini Ceiling Light is fitted directly into the ceiling and, thanks to its reduced size, also suits smaller spaces. The Pirce Mini Ceiling Light is crafted from slim aluminium discs which bend and twist into flowing twirls which appear differently depending on the angle it's viewed from. Display individually or in rows for a uniform glow that adds a captivating lighting effect, perfect for domestic and commercial spaces alike.

For a more energy-efficient and eco-friendly light, the **Pirce Mini LED Ceiling Light** is available, which features an integrated LED light source.

PRODUCT SPECIFICATION

Light Source:	1x Max 11W LED R7 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Width: 69cm Height: 36cm
