PRODUCT DESCRIPTION

Designer: Giuseppe Maurizio Scutella

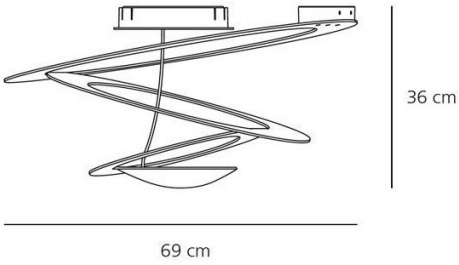

Artemide Pirce Mini LED Ceiling Light

The Pirce Mini LED Ceiling Light is part of designer Giuseppe Maurizio Scutellà's award-winning **Pirce Collection**. Produced by Artemide, the collection has become one of the lighting brand's top sellers, offering both sculptural appeal and functional lighting. Comprised of slim aluminium discs, the Pirce Mini LED Ceiling Light is an elegant light source that has a strong sense of presence, whether turned on or off.

When illuminated, the flowing curves of aluminium reflect light to create a captivating play of light and shadow, while concealing the light source, resulting in a glare-free glow. This indirect lighting adds a comfortable ambience which suits dining rooms, living areas, and bedrooms. Install individually or in multiples, lining the length of a hallway in both domestic and commercial spaces alike. The Pirce Mini LED Ceiling Light is available in two colourways, gold and white, and features an integrated LED for eco-friendly and energy-efficient lighting.
