PRODUCT DESCRIPTION

Designer: Marcel Wanders

Double Shade by Moooi

Deceptively simple, the Double Shade floor lamp is more than that. While it may look like a simple, traditional floor lamp with a tripod base and shade, the Double Shade draws all attention. Amongst its features is the contrasting slender stem and base with a large, cylindrical shade. The light was designed by one of the founders of the Danish brand, Moooi, Marcel Wanders. Wanders's designs is what drives the company's philosophy, by adding a playful signature to his products.

The shade is adjustable, meaning you can tilt it and direct the light to your desired position. With a tilted shade, the Double Shade lamp takes a playful look, bringing a touch of quirkiness and fun into any modern interior. The Double shade emits a diffused light through the PVC and cotton shade. The floor lamp is available in a choice of two colours: black or white coloured shade, while the stem is made of powder coated steel.
