PRODUCT DESCRIPTION

Designer: Seppo Koho

Secto 4220 Table Lamp

The Secto 4220 Table Lamp exemplifies the clean lines and natural materials characteristic of Scandinavian design. Created by Finnish designer Seppo Koho, this table lamp is meticulously handcrafted from PEFC-certified birch by skilled artisans in Finland. The slatted wooden shade gently diffuses light, creating a warm and inviting glow that enhances any interior space.

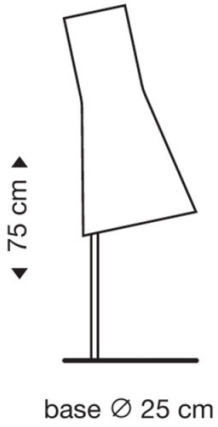

Standing at 75 cm tall, the 4220 Table Lamp is versatile enough for various applications, whether as a reading light on a bedside table or as a decorative accent on a dresser or desk. The lamp's minimalist frame and circular base are available in grey for the birch, white, and walnut veneer finishes, or in black for the black shade, providing a harmonious look. The cable includes an integrated on/off switch for added convenience.

Available in four stunning finishes- natural birch, black, white, and walnut veneer- the 4220 Table Lamp is both a functional light source and a design statement. Its thoughtful construction and elegant aesthetic make it an ideal choice for residential and commercial spaces alike. Explore the wider **Secto Design collection** to create a cohesive lighting scheme throughout your space.

Please Note: The Secto 4220 Table Lamp in Birch, White and Walnut is supplied with a grey steel stand and black cable as standard, while the Black finish is supplied with a black stand and black cable. Please contact us for further information.
