PRODUCT DESCRIPTION

Designer: Adam Aaronson

Porta Romana Coffee Bean Table Lamp

Porta Romana Coffee Bean Table Lamp is characterised by its organic-looking glass base. Created by British glassblower Adam Aaronson, the base features gentle curves that echo a coffee bean that seems to balance delicately on a painted wooden base. The Coffee Bean is available in three finishes: Charcoal, Bronze, and Cedar. These muted tones complement the lamp's natural appearance and sophisticated design.

When displayed with the recommended 16" Fez shade, the Coffee Bean Table Lamp provides atmospheric lighting. As light is directed downwards, the base is illuminated with a warm glow to create a sense of life. Display in pairs to frame a bed, or in a living room to provide intimate, inviting lighting. In commercial spaces, the Coffee Bean suits boutiques and hospitality settings such as a café or restaurant.

The Coffee Bean Table Lamp is available with a wide range of shade shapes, shade fabrics and shade linings. Please contact us for more information and pricing.
