PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Blob Table Lamp

The Porta Romana Blob Table Lamp is a sculptural design, constructed from blown and moulded glass. Coloured glass blobs cover the base, adding texture and depth to the lamp. When displayed with the recommended 16” Bongo lampshade, the Blob Table Lamp provides an upward and downward-directed light. This warm glow illuminates the glass base, filling the delicate form with a sense of life as the coloured blobs present unique, swirling textures within.

The over-scaled Blob Table Lamp boasts an impressive size, adding a bold presence to any room. Display it in a living room or bedroom to add a unique focal point and decorative touch. In commercial spaces, the Blob is particularly suited to boutiques and hospitality settings. Due to its handcrafted nature, natural variations will occur in the glass, ensuring you have a truly unique piece.

The Blob Table Lamp is available in a wide range of finishes, shade fabrics and shade linings. Please contact us for more information and pricing.

PRODUCT SPECIFICATION
