Porta Romana Salperton Table Lamp

The Porta Romana Salperton Table Lamp draws inspiration from geometric abstract sculptures. Its striking frame is crafted from forged steel, which is textured and hand-finished in Porta Romana's painting studio to add depth and character to the metalwork. Paired with an elegant fabric shade, the Salperton makes a sculptural statement even when not in use.

Available with a wide range of shade options, the Salperton Table Lamp can be tailored to complement both classic and contemporary interiors. When displayed with the recommended 15" Slim Straight Oval lampshade, the Salperton offers soft lighting for a warm and inviting ambience, perfect for use in a living room, dining room, or study. This distinctive design combines artisanal craftsmanship with enduring decorative appeal for a luminaire that has been created to last.

The Salperton Table Lamp is available in alternative finishes and a wide range of shade shapes, fabrics, and linings. Please contact us for more information and pricing.
