Vibia Warm Table Lamp

The Warm Table Lamp earns its name from the cosy ambience it emits, thanks to the classic drum shade and a methacrylate diffuser, the illumination is projected both upwards and downwards. This table lamp was designed by Ramos & Bassols who aimed to design a lightweight decorative lighting solution that offers versatility and a sense of calm. The design duo mastered a contemporary take on a timeless design, featuring a traditional silhouette.

Vibia Warm is available in four neutral finishes, offering numerous peaceful colour options that can suit not only a variety of personal styles but also various contemporary interiors. The Vibia Warm Table Lamp is a beautiful addition to bedside tables, side tables, reading nooks and other areas of relaxation. No matter where you choose to place this lamp, it is guaranteed to present an air of elegance.
