PRODUCT DESCRIPTION

Designer: Giuseppe Maurizio Scutella

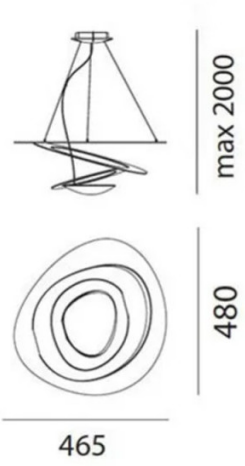

Artemide Pirce Micro LED Suspension

Italian designer Giuseppe Maurizio Scutellà created the Pirce Micro LED Suspension. For Scutellà, the Pirce embodies what drives him – emotion, dynamism, and art. The sculptural, coated aluminium shade, available in white or gold, appears lightweight and delicate, as if it is floating midair. The Micro Suspension's small size is designed for smaller spaces and, with a drop of between 70 – 200cm, it also fits into areas with low ceilings.

The Pirce Micro LED Suspension has been reimagined with an integrated LED for energy-efficient and eco-friendly lighting. When illuminated, the aluminium rings reflect light for an impressive play of light and shadow, while hiding the light source for a glare-free glow. This indirect illumination creates a comfortable ambience that is perfect for dining rooms, living areas, and kitchens. Install individually for a singular, elegant addition to a room, or in clusters with other suspensions from the **Pirce Collection** for a captivating composition.

PRODUCT SPECIFICATION

Light Source:	27W, 2700K, 2573 Lumens or 27W, 3000K, 2753 Lumens
IP Code:	20
Dimming:	Push to make/switch dimming, dimmable using push-to-make switches. Please consult your electrician; additional wiring may be required on-site.
Dimensions:	Length: 48cm Width: 46.5cm Maximum Drop: 200cm
