PRODUCT DESCRIPTION

Designer: Carlotta de Bevilacqua

Empatia Table Lamp by Artemide

The high potential of the Venetian glass led Artemide and master glass-blowers to collaborate and gain full control of the suppleness of the glass. Thus allowing them to balance the portions between surface and light, experimenting with densities and transparencies. It is through this meticulous process that the Empatia lights are created, a design by Carlotta de Bevilacqua and Paola di Arianello, for Artemide.

The glass diffuser engulfs in its core that LED light engine, with the light running through the transparent pipe. The Empatia lights allow for now glare, no loss of efficiency while at the same time reflecting light; only achieved through the perfect balance of transparency and opacity. The table lamp, as with all Empatia lights, comes in three sizes and suits every location.

PRODUCT SPECIFICATION

Light Source: Empatia 16 - 11W, 3000K, 567 lumens
Empatia 26 - 20W, 3000K, 710 lumens
Empatia 36 - 26W, 3000K, 1273 lumens

IP Code: 20

Dimming: In line dimmer included on cable.

Dimensions: Empatia 16 - Ø 16 cm x 19 cm H
Empatia 26 - Ø 26 cm x 28.9 cm H
Empatia 36 - Ø 36 cm x 38.2 cm H
