Luceplan Archetype D68 LED Suspension

SOURCE: <https://www.davidvillagelighting.co.uk/product/Luceplan-Archetype-D68-LED-Suspension/14569>

PRODUCT DESCRIPTION

A lamp with a classic silhouette which screws into the lamp holder like a traditional incandescent bulb, even though it features a modern diode technology. The lamp has an external casing in aluminium and an internal diffuser in polycarbonate. Sandwiched between these two profiles are a warm white LED with an Edison E27 screw- in fitting that allows the device to be connected to any standard lamp holder. A familiar gesture that leads to the discovery of an option to standard incandescent lighting.

PRODUCT SPECIFICATION

Light Source: 15W, 2700K, 606 lumens

Dimming: Dimmable via mains phase dimming

Dimensions: Ø 31 cm
23 cm height
300 cm cable length
