PRODUCT DESCRIPTION

Designer: Alex Fernández Camps & Gonzalo Milá

Bover Amphora Floor Lamp

The Bover Amphora Floor Lamp provides illumination and decoration for both exterior and interior environments, both versatile and stylish for any space. The shade boasts a smooth and natural shape, and is made from a synthetic fibre. The inner diffuser conceals the light bulb, sitting in the bottom of the woven shade to emanate both outward and upward - ensuring that the light emission is not only ambient but also functional. The design of the Bover Amphora Floor Lamp creates a gorgeous aesthetic, resembling the natural world as the light source evokes images of a pearl sat in an oyster.

This Floor Lamp can be used to create a warm atmosphere and a stunning visual effect, no matter which size you choose. It is available with either a light beige or rattan brown shade, and can be utilised in commercial and residential settings. Perfect for areas in your room where you host guests and for commercial settings in the hospitality sector.
