PRODUCT DESCRIPTION

Designer: Antoni Arola & Enric Rodríguez

Vibia Bamboo 4812 Triple LED Outdoor Floor Lamp

Designed by Antoni Arola and Enric Rodríguez, the Bamboo triple floor lamp resembles the tall treelike bamboo plant and has multiple integrated LED light sources. The floor lamp is made to use in exteriors, offering downward spotlights to guide you along pathways or create fascinating ambient lighting. Suitable in gardens, patios and many more, the Bamboo triple outdoor floor light can be used in both homes and professional settings.

The floor light comes in a subtle off-white, oxide or khaki colour finish to easily blend into your outdoor space, emulating nature whilst providing effective lighting. The Bamboo triple 4812 also has a built-in power supply so you can install it straight into the ground if needed and into many different types of surfaces.

Driver included: CC - Constant Current 700 mA 100-240V 50/60Hz
