PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Flos IC Floor Lamp

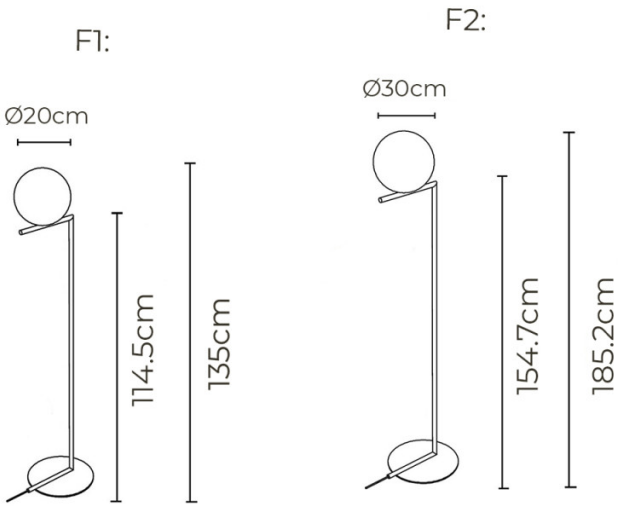

The Flos IC Floor Lamp, designed by Michael Anastassiades, explores balance and materials. An elegant structure, the IC Floor takes on the form of a sphere perfectly balanced on the edge of a rod that is either finished in brass, chrome or black. The glossy glass lampshade conceals the light bulb, producing a soft and diffused glow that is comforting and inviting.

The IC Floor Lamp also comes with a dimmer switch on the cable, allowing you to control the light setting to create the exact atmosphere you want in your interior. The chic and elegant style of this modern floor light makes it suitable for many settings, and the 2 sizes available, the smaller F1 and the larger F2, ensure that you can find the right fit for your space.

A compatible Flos bulb can be purchased separately. Please check individual bulb pages for product compatibility.
