PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Flos IC Pendant Light

The Flos IC Pendant Light comes in three sizes: the smaller S1, the S2 and a larger S3. The collection explores balance and shapes as each light has a blown glass sphere which sits 'balanced' upon a metal rod. Simple yet effective, the Flos IC Pendant provides a soft, diffused glow due to its opal glossy glass sphere and is dimmable via mains phase dimming to allow you to personalise the ambience.

The iconic and revered **IC Collection** was designed by Michael Anastassiades in 2014 for Flos and consists of floor lamps, wall lights, table lamps and suspension lights available in either brass, black or chrome. These can all be displayed individually or alongside other designs in the range.

A compatible Flos bulb can be purchased separately. Please check individual bulb pages for product compatibility.
