PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Flos IC T2 Table Lamp

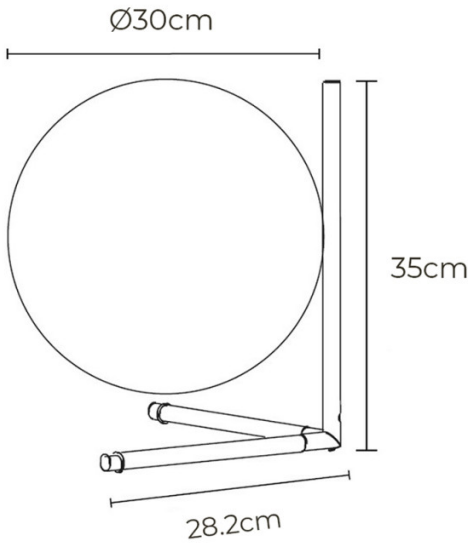

The IC T2 Table Lamp is part of the **Flos IC Collection** and is the smallest of three table lamps in the range. Designed by Michael Anastassiades, the Flos IC T2 Table Lamp consists of a blown opal glass glossy diffuser, which provides soft, diffused lighting. The opal glass sphere sits upon a metal rod structure, being a classic and chic design which will suit many settings.

The Flos T2 Table Lamp is available in 3 colour finishes, brass, black or chrome, and has a dimmer switch on the cable so you can easily control the lighting output. This modern Table Lamp can be used on desks in offices, side tables in a living room, entryway sideboards and bedside tables. Suitable for homes and professional spaces, it creates a sophisticated look that is timeless and stylish.

A compatible Flos 18W LED E27 T38 Dimmable Bulb can be purchased separately.
