PRODUCT DESCRIPTION

Designer: Konstantin Grcic

OK Light by Flos

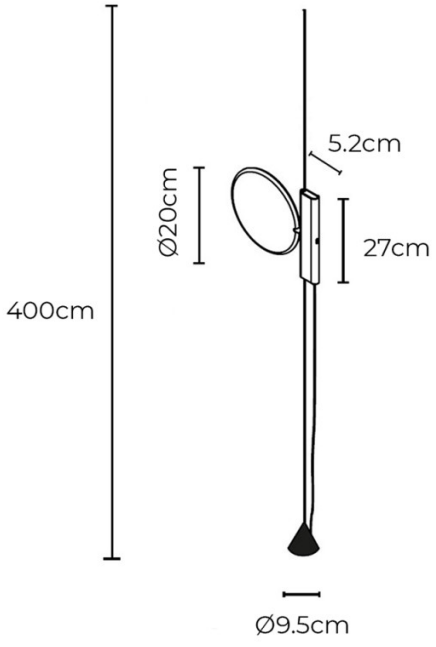

Described as “a sun hanging from a wire”, the Flos OK Suspension Light from designer Konstantin Grcic is an updated version of Achille Castiglioni's iconic **Parentesi Lamp**, telling a story about the evolution of design. The original light bulb which accompanied the Parentesi lamp has been updated as an ultra-flat LED light source with edge-lighting technology, directable over 360 degrees. The LED light is also dimmable, with a handy dimmer switch with soft-touch technology included on the product.

The multi-functional Flos OK light comprises a flat LED disk which can be moved vertically up and down the tensioned steel cable with a rotatable disk LED light. This makes the OK pendant lamp perfect for adjustable illumination for task-oriented rooms. Paying homage to his predecessor, the only identical feature of the Parentesi which remains in the OK design is the small ceiling rose, designed by Castiglioni, which is a beautifully shaped piece of spun metal that houses the electronic components and a soft-touch switch.

Please Note: The OK LED suspension lamp comes complete with a cable with plug connector for a wall or floor socket.

PRODUCT SPECIFICATION

Light Source:	18W, 2700K, 1550 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Shade: Ø20cm Base: Ø9.5cm Maximum Drop: 400cm
