

## Vibia Wireflow 0333 LED

**LA7484**

SOURCE: <https://www.davidvillagelighting.co.uk/product/vibia-wireflow-0333-led/14720>

Vibia Wireflow 0333 designed by Arik Levy. This is a linear suspension light with a structure of fine cables and two 3W LED terminals at the end of each light. This model of the Wireflow collection comes with five linear lights suspended from the same ceiling mount. The Vibia Wireflow 0333 connects discretely with classic chandeliers by taking this type of lamp to a futuristic dimension. This light is perfect for decorating large spaces, particularly ones with high ceilings.

Lamp: 10 x LED 4.5W

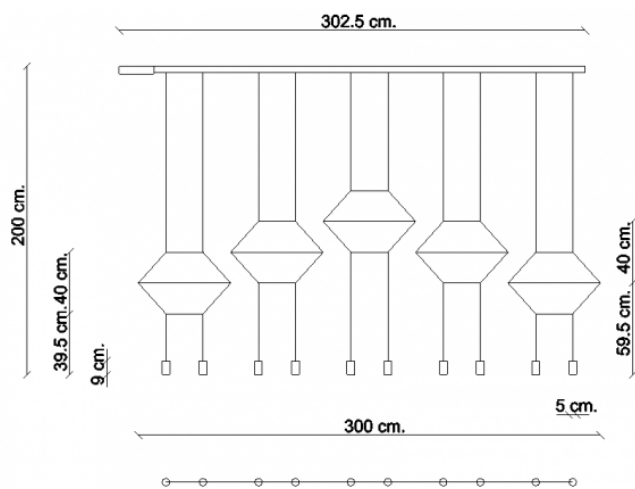

**This light is customisable, please contact us on +44 (0) 114 263 4266 or**

**[or email](#) for more information on this product.**
