PRODUCT DESCRIPTION

Designer: Miguel Milá

Santa & Cole M64 LED Pendant

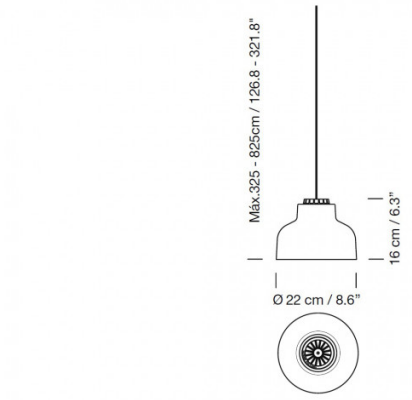

The Santa & Cole M64 Pendant Light was designed by Miguel Milá in 1964 and was so successful that it won a Gold Delta–a prestigious design award that has been going since 1961 and seeks to showcase the best of Spanish companies and designers. The renowned Swiss designer Max Bill presided over the jury the year Milá won and it has since been noted that he more than championed his pendant design, voting for it time and time again until it won in the final stages. Because of this and his encouragement, Milá from then on fondly referred to the design as the Max Bill pendant which in turn became to be known as the M64 pendant light.

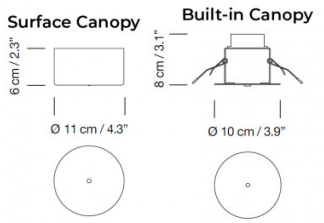

This pendant is defined by a domed metal lampshade which exhibits smooth lines and a clear silhouette. The M64 has also been updated by Santa & Cole using their HeadLED technology which creates a warm, effective glow and can be used with several of their pendant lights. The M64 pendant is available in a vast range of colour options and is perfect for use alone, in rows or in clusters to provide an effective downlight whether used above surfaces or as an accent light. A modern classic.

Please Note: The Santa & Cole M64 Pendant comes non-dimmable with a white surface canopy as standard. Dali dimming is available, as are a select number of canopy options. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	3.7W, 2700K, 416 Lumens
IP Code:	20
Dimming:	Non-Dimmable.
Dimensions:	Shade: Ø22cm Shade Height: 16cm Cable Length: 300-800cm Surface Canopy: Ø11cm x 6cm
