### Oluce Atollo Table Lamp

The Oluce Atollo Table Lamp, designed by Vico Magistretti in 1977, revolutionised the traditional bedside lamp with its iconic geometric design. Comprising a cone-shaped base, a cylindrical stem, and a hemispherical shade, this lamp offers a harmonious blend of minimalism and elegance. Its unique form has earned global recognition, including the prestigious Compasso d'Oro award in 1979, and continues to be celebrated as a masterpiece of Italian design. The Atollo lamp provides direct and reflected light, creating an inviting ambience in any room.

Available in three sizes (small, medium, and large) and five luxurious finishes; white, black, satin bronze, satin gold, and satin nickel, the Atollo Table Lamp is a versatile addition to any space. Whether used as a bedside light, a statement piece in a living room, or part of a commercial project, the Atollo effortlessly enhances the aesthetic of its surroundings. Pair it with other pieces from the **Oluce range** for a cohesive and timeless design scheme.
