Flos Soft Spun LED Table Lamp

The Flos Soft Spun LED Table Lamp has a minimal and modern design, originally drawing its inspiration from Sebastian Wong's [Spun lamp](#). Providing diffused, soothing lighting, the Soft Spun LED Table Lamp updates the profile of the original Spun light, only revealing half its profile and offering minimal visual impact.

Requiring plasterboard installation, the Soft Spun Table Lamp can be painted to match any decor, thanks to its construction material (plaster) or can remain white to blend into its surroundings. This lighting solution perfectly suits a hallway, landing, or as a bedside table lamp, as it takes up no space on a side table. The [Soft Spun Collection](#) also includes a floor lamp.
