PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Foscarini Birdie Table Lamp

The Foscarini Birdie Table Lamp was designed by Ludovica and Roberto Palomba, and is the modern interpretation of a classic design. The iconic silhouette of the shade is updated by the sleek stem and base, finished in luxurious and vibrant colours. The playful branch that comes off the stem resembles where a bird would sit and acts as the switch for the large size of the table lamp. The small size has an on/off switch on the cable.

The Birdie Table Lamp is a charismatic lamp that produces a nice, diffused light that will warm the room and act as a piece of decoration. Perfect for many spaces, the choice of colours makes it suitable for a wide variety of interiors, whether needed for a child's playroom or for a sophisticated lounge. Use in homes or commercial spaces and match with other lights from the Foscarini Birdie collection.

This table lamp is also available with an integrated LED light source which is dimmable. Please click here to find out more.
