FOSCARINI

Birdie Table Lamp by Foscarini

The Birdie table lamp was designed by Ludovica and Roberto Palomba and is the modern interpretation of a classic design. The iconic silhouette of the shade is updated by the sleek stem and base, finished in luxurious and vibrant colours. The playful branch that comes off the stem resembles where a bird would sit and acts as the switch for the large size of the table lamp. The small size has an on/off switch on the cable.

The Birdie table light is certainly a characterful lamp that produces a nice, diffused light that will warm the room and act as a piece of decoration. Perfect for many spaces, the choice in colours make it suitable for a wide variety of interiors, whether needed for a child's play room or for a sophisticated lounge. Use in homes or commercial spaces and match with other lights from the [Foscarini Birdie collection](#).

This table lamp is also available with an integrated LED light source which is dimmable. Please [click here](#) to find out more.

Designer: Ludovica & Roberto Palomba

IP Code: 20

Dimming: In line on/off switch included on cable

Dimensions:

Small:

20cm shade height

Ø17cm base
