Artemide Groupage LED Ceiling Light

SOURCE: <https://www.davidvillagelighting.co.uk/product/Artemide-Groupage-LED-Ceiling-Light/14983>

PRODUCT DESCRIPTION

Designer: Ernesto Gismondi, Daniele Moioli

Groupage by Artemide

A light based on an elementary mechanical approach, while maintaining the perfect light emission. The Groupage was designed by the founder of the Artemide Group, Ernesto Gismondi, and Daniele Moioli. The ceiling light is available in different sizes and shapes and two colours (white and orange); the Groupage 20, Groupage 30 and Groupage 45.

Each Groupage looks sleek on its own but a connection kit can be used to install more Groupage lights, of different sizes and colours. The kit allows you to create a unique modular ceiling light complimenting any interior. The Groupage lights emit a warm and ambient light.

Please [contact us](#) for more information, a connection kit and pricing.
