PRODUCT DESCRIPTION

Designer: Gio Ponti

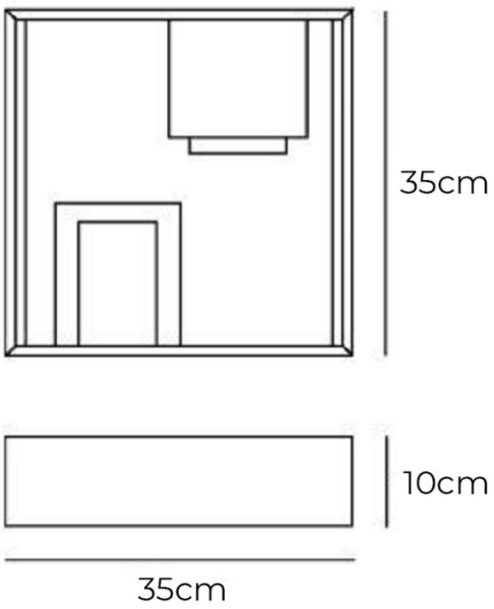

Artemide Fato Table/Wall Lamp

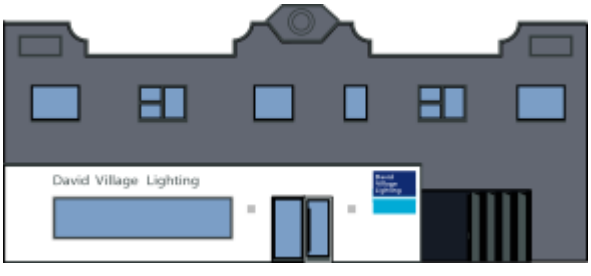

Designed by Gio Ponti, a famous Italian architect, designer, artist and publisher of the previous century. The Artemide Fato Lamp is crafted from a folded and welded metal plate, with geometrical sheets or screens, all enclosed in a square frame. Fato creates a game of light and shadows when switched on, providing playful accent lighting, and the lamp can be used both as a wall light and a table lamp.

The Artemide Fato Table/Wall Lamp is both a sculptural object and an enchanting lighting solution, alternating that quality depending on use. The lamp is available in a gold finish, strengthening its ties to its 60s vibe and providing a luxurious aesthetic to your interior. A beautiful addition to hallways, dining areas, living rooms and even bedrooms. Fato can also add an eye-catching element to commercial environments.
