PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Trailing Blossom Wall Light

The Porta Romana Trailing Blossom Wall Light is inspired by nature, echoing the appearance of flowers blooming on a delicate stem. The metal frame is made from forged steel, which is textured and expertly finished in Porta Romana's painting studio. The metallic finish, paired with the glass detailing throughout the frame, adds an ornamental touch of elegance that suits both classic and contemporary interiors.

When paired with the recommended 14" semi-cylinder lampshade, the Trailing Blossom Wall Light produces a soft, glare-free glow. As light illuminates the frame, it casts a delicate silhouette which resembles a flower climbing up the wall. This decorative lighting is perfect for creating a captivating focal point in shared spaces such as a dining room and living room, or for adding a calming atmosphere to bedrooms and reading nooks.

The Trailing Blossom Table Lamp is available in alternative finishes and with a wide range of shade shapes, fabrics, and linings. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	1 x 3W LED G9 Capsule (Included)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 51cm Height with Shade: 57cm Width: 25cm Width with Shade: 35.6cm
