PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Salperton Wall Light

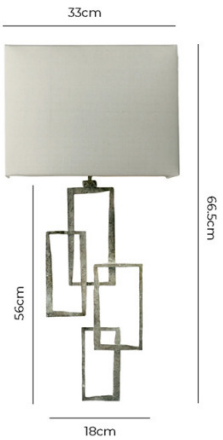

The Porta Romana Salperton Wall Light is characterised by its sophisticated, sculptural design. The metal frame is crafted from forged steel, which is softly beaten to create a rugged, textured appearance. The frame is then expertly finished in Porta Romana's painting studio, adding a metallic finish for a luxurious aesthetic.

When displayed with the recommended 13" Open Back Rectangle lampshade, the Salperton Wall Light creates a soft, ambient glow. As light illuminates the frame, a gentle silhouette is cast against the wall for a captivating play of light and shadow. Install it at a bedside, in a living room, or in any space that requires low, atmospheric lighting. In commercial spaces, the Salperton Wall Light suits hospitality settings such as hotels and bars, and high-end boutiques.

The Salperton Table Lamp is available in alternative finishes and a wide range of shade shapes, fabrics, and linings. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	1 x 3W LED G9 (Included)
IP Code:	20
Dimming:	Dimming via mains phase dimming.
Dimensions:	Height: 56cm Height with Shade: 66.5cm Width: 18cm Width with Shade: 33cm
