Porta Romana Ivy Shadow Chandelier with Flute

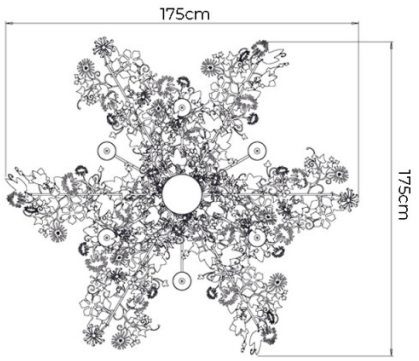

The Porta Romana Ivy Shadow Chandelier with Flute draws inspiration from nature. Its sculptural branches unfurl into an intricate canopy of ivy leaves, forming a dramatic organic silhouette that looks like something from a fairy tale. When illuminated, the layered foliage creates a captivating interplay of light and shadow, lending warmth, movement, and atmosphere to the surrounding space. The design allows for a certain degree of individual and free movement of the ivy foliage, allowing users to arrange the metal leaves as desired.

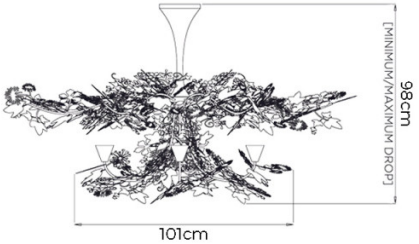

Generously proportioned for spaces that call for a statement piece, the Ivy Shadow Chandelier is finished with a distinctive fluted suspension that complements its handcrafted character. Whether positioned above a dining table, in a spacious hallway or within a living area, it creates a striking focal point by day and an enchanting ambient glow after dark. The result is an expressive design that balances decorative drama with Porta Romana's signature artistry.

The Porta Romana Ivy Shadow Chandelier is also available in alternative finishes, in a smaller size, and with a chain suspension. Please contact us for more information and pricing.
