BOCCI

38 Series Suspension Light by Bocci

The 38 Series suspension is made up of multiple glass pendants and plant holders and is a natural, stylish, extraordinary light fixture that will amaze all who see it. Using the glass-blowing technique that was introduced with the [Bocci 28 series](#), each shade has multiple cavities, 3 of which hold light sources. The other cavities are deep enough to put in plants, to create an organic aesthetic that is beautiful and pastoral.

The 38 Series pendant light is available with 3, 11, 16 or 28 individual lights that can be used together or alone to suit your environment. The 38.3 pendant could be used for small spaces over a table or you can buy multiple of the bigger sizes to cover the ceiling in your home or professional interior. Create an impact with these stunning lights that also come with either **Xenon 10W** bulbs or **LED 1.5W** bulbs included.

Designer: Omer Arbel
