PRODUCT DESCRIPTION

Designer: Joan Gaspar

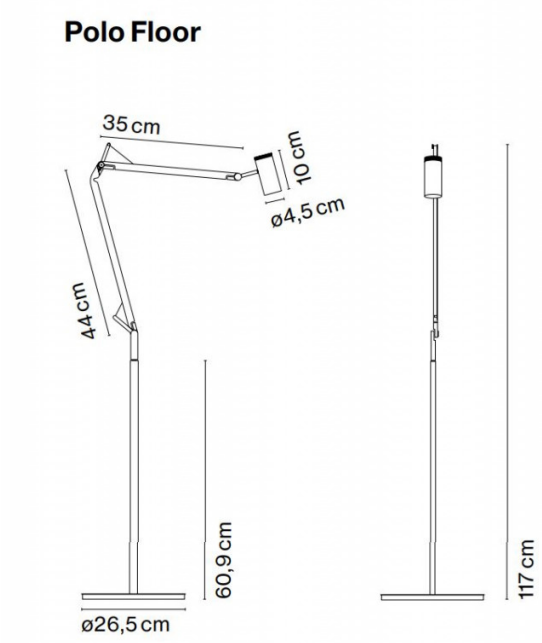

Marset Polo LED Floor Lamp

Marset Polo, designed by Joan Gaspar is a minimal and simplistic floor lamp that is suitable for both residential and commercial spaces. A completely adjustable arm allows the user to bring light exactly where it is needed, whether that is for task or general illumination. Marset Polo is understated and architectural, perfect for everyday living. The Polo floor lamp stands out for the fluidity of its movement, with a simple push with the hand, the Polo floor lamp's mechanisms allow it to be adjusted with ease and precision. The ball joint system allows the beam of light to be aimed with pinpoint accuracy. The wheel switch is integrated into the top of the diffuser allowing you to switch the light on and off. This integrated wheel switch on the Polo LED floor lamp is a nod to the retro history of lamps and adds to the lamp's overall practicality.

Polo floor lamp by Marset is ideal for modern living rooms, studies and offices. Polo has a technical and sold design that is part of a collection featuring a ceiling spotlight and table lamp.
