PRODUCT DESCRIPTION

Designer: Antoni Arola

Santa & Cole Cirio Simple LED Pendant Light

The Santa & Cole Cirio Simple, designed by Antoni Arola, has been created to have easily changeable lampshades to create different atmospheres. A group of lights from the [Santa & Cole Cirio family](#) can create drama whilst a single Cirio Simple pendant can highlight an area in a room.

The Cirio Simple pendant lamp is available in a porcelain finish, which creates a warm-toned translucent illumination, an opal glass finish which creates a diffused glow and a polished brass finish which is opaque to create a spotlight. Use in a wide variety of settings for functional and accent lighting, whether used above tables in a restaurant or used in a feature for a lounge.

The Cirio Simple pendant is also available with an 8m cable length, and in a dimmable version upon request. Please [contact us](#), for more information and pricing.
