SANTA & COLE

Cirio Linear by Santa & Cole

The Santa & Cole Cirio Linear is a simple structure from which lampshades hang delicately, enabling long lines of light by fitting together successive structures. The structure allows for various easily interchangeable shades, from the porcelain that creates candle-like warmth, to translucent opal glass, and the opaque elegance of brass.

There are three options of lampshades that go with the Santa & Cole Cirio Linear multiple pendant system. Lampshade options are white porcelain, white opal glass or brass.

Designer: Antoni Arola

IP Code: 20

Dimming: Suitable for DALI/1-10V dimming systems. Please consult your electrician, additional wiring may be required on site

Dimensions:

169 cm length

50 cm drop height each pendant
