PRODUCT DESCRIPTION

Designer: Miguel Milá

Santa & Cole Estadio Linea Suspension

The Santa & Cole Estadio Linea was added to the Estadio collection in 2014, it was specifically curated for large commercial spaces, offices in particular. Designed by Miguel Mila, the Linea Estadio boasts textured glass diffusers that are typical for lights in the Estadio collection and a metallic structure.

This linear suspension light can easily adapt to the size of your space, allowing you the option to add further modules to lengthen the lighting solution. For large spaces, you can combine more modules to create longer lighting. Estadio Linea has a strong presence and is guaranteed to capture everybody's attention when displayed in communal areas. Thanks to the glass diffuser, this suspension produces a soft but functional light - a glare-free overhead luminaire.

PRODUCT SPECIFICATION

Light Source: Per Module: 5 x Max 11W E27 LED (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

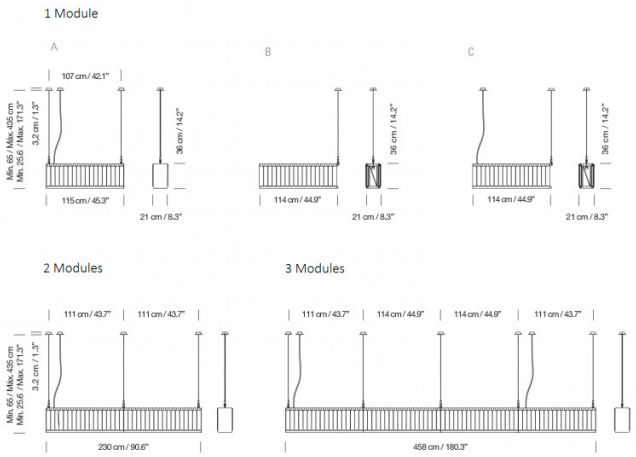

Dimensions:

Module 1:
