PRODUCT DESCRIPTION

Designer: Santa & Cole Team

Santa & Cole HeadHat Bowl LED Pendant

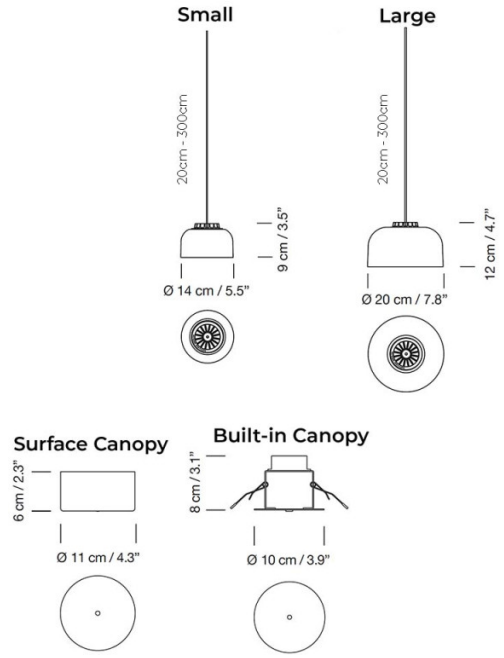

The HeadHat Bowl pendant is a beautiful light made from a ceramic lampshade and using the best LED technology. This pendant lamp is one of many from the Santa & Cole collection that uses the HeadLED system, an LED source that can be transferred between different lampshades including the HeadHat Plate pendant, the M64 pendant, and the Cirio Simple pendant.

The ceramic lampshade is opaque and means the light is directed downwards, perfect for using over surfaces and tables in kitchens, dining areas and lounges. The HeadHat Bowl pendant lamp comes in small or large and in either a black or white finish, available with a variety of ceiling canopies in different colours, applications and dimming options. Use in homes, commercial spaces and more for a stylish yet practical solution.

Please Note: The Santa & Cole HeadHat Pendant comes with a 3m cable as standard. Although this can be upgraded to 8m. Please contact us for more information and pricing.
