PRODUCT DESCRIPTION

Designer: Achille Castiglioni

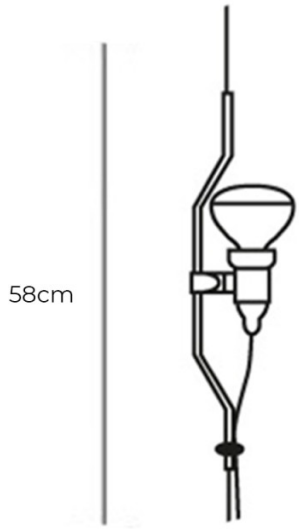

Flos Parentesi Additional Element

Additional elements are available for the **Parentesi Suspension Light** by Flos in both a dimmable and non-dimmable form in four colour variations: white, red, black and nickel.

The Flos Parentesi lamp consists of a light source which vertically moves on a ceiling-to-floor steel 400cm cable. The design makes the Parentesi perfect as a task or reading lamp, as the light can be fixed and directed exactly where required. By purchasing an additional element, you can put two light fixings on the stem to make the most of your Parentesi light. Use as a functional fixture or use to highlight certain decorative and architectural details in your interior.
