PRODUCT DESCRIPTION

Designer: Manuel Vivian

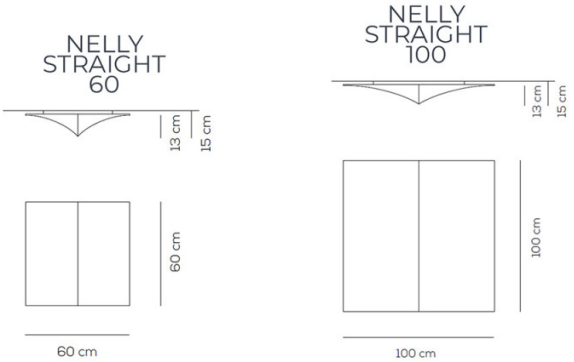

Axolight Nelly Straight Ceiling / Wall Light

The Nelly Straight Ceiling/ Wall Light was created by Manuel Vivian for lighting brand Axolight. The versatile light explores simple geometry, complemented by a pure white finish for a harmonious visual display. A line through the centre draws the eye, subtly disrupting the precise form. The Nelly Straight Ceiling/ Wall Lamp is crafted from a metal structure, covered by elasticated fabric for an effective contrast of materials.

When illuminated, the Nelly transforms any space into a comfortable sanctuary. Light is diffused through the fabric, creating a soft glow that surrounds the lamp. Available in two sizes, 60x60cm and 100x100cm, the Nelly can be installed on a wall or a ceiling, sitting flush to the surface for a space-saving lighting solution. For larger areas, install in multiples to create a personalised, captivating display. In commercial spaces, the Nelly Ceiling/ Wall Light is well-suited in hotels to create a warm and welcoming environment.
