PRODUCT DESCRIPTION

Designer: Garcia Cumini

Foscarini Spokes 2 LED Pendant Light

Foscarini's Spokes 2 is a spatial pendant which casts mischievous shadows onto the surrounding walls and ceiling. The inspiration for the design studio Garcia Cumini came from aviaries and oriental lanterns, finally culminating in the Spokes pendant after observing a bicycle wheel, finally settling on the name 'spokes'.

The airy and delicate nature of the Foscarini Spokes 2 pendant is contrasted with the solid aluminium frame, making the pendant light an intriguing and interesting modern design. Available in classic white, gold, copper, graphite or black and regular or large size, the Spokes 2 pendant light will suit any interior style. See the taller Spokes 1 and other versions within the Foscarini Spokes collection.

The Foscarini Spokes 2 LED Pendant is also available with 5m drop suspension cables. For further details and pricing please contact us.

Please Note: Foscarini are currently making adjustments to the LED light source of the Spokes. This means the brand is currently providing two slightly different versions, and if you are wishing to purchase more than one Foscarini Spokes Pendant, please contact us to ensure all fittings are supplied with the same specifications.
