PRODUCT DESCRIPTION

Designer: Joan Gaspar

Marset Soho LED Pendant Light

Designed in 2010 by Joan Gaspar for Marset, the Soho collection has quickly become a best seller and as a result - an iconic piece for the brand. Soho is inspired by traditional lamps used in markets, taverns and cafeterias, taking a classic design and amplifying the style for modern homes and commercial spaces.

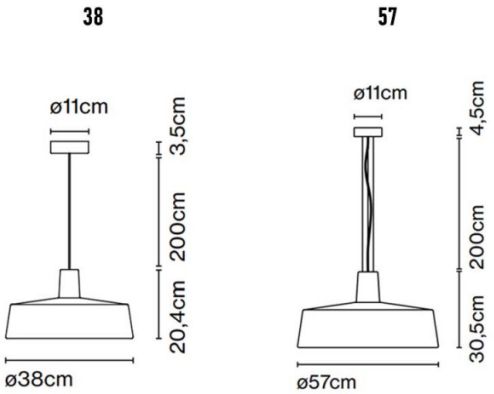

Available in three sizes: 38 & 57 are ideal for dining areas and kitchens to provide functional downlight as well a beautifully diffusing it. The largest size: 112 is perfect for large spaces and commercial settings which need extra illumination and design with impact.

A methacrylate diffuser provides an evenly distributed light quality. The translucent white option emits ambient glow throughout the shade body. The further four colour finishes are opaque and give a solid, textured effect while providing downlight only.

Soho pendant is also available in a large 112 cm size, please contact us for further details
