PRODUCT DESCRIPTION

Designer: Paolo Rizzatto

Luceplan Lady Costanza Suspension Light

Designed by Paolo Rizzatto as an evolution of the **Costanza collection**, the Lady Costanza Suspension Light harnesses a timeless elegance and can settle perfectly in to modern décor styles. The shade comes in four different colours and diffuses a warm and pleasant light, perfect for reading, working, writing or just resting. Lady Costanza reinterprets all the characteristics of the original Costanza model in a larger format, it turns the basic lampshade into a work of art by upscaling its size, it is a perfect way to illuminate your seating area or dining table.

This suspension light can vary its height from 100cm - 220cm, it is easy to adjust by the teardrop shaped aluminium counterweight that hangs within the shade, as seen on the specification sheet. This light would be a great addition to a living area or kitchen in your home as well as perfect for public spaces such as restaurants, bars and hotel bedrooms.
