PRODUCT DESCRIPTION

Luceplan Honeycomb 9 - 3 sets of 3

Like the cells of a beehive, the hexagonal modules of Honeycomb are joined freely into a suspension lamp with a captivating organic symmetry. The hexagons, connected by clips, give life to a self-supporting structure capable of housing energy-saving LED and halogen light sources for direct and indirect light.

Luceplan Honeycomb suspension is a made to order item and can be configured in many different combinations, please contact us for details.
