PRODUCT DESCRIPTION

Designer: Omer Arbel

Bocci 28 Series Cluster Suspension Light

The 28 Series Cluster Suspension is made up of pendants from the **Bocci 28 Series** and is a magnificent and beautiful light that will create a mind-blowing effect in any interior. Each shade produces a warm glow as it is concealed by a milk white lamp holder. The lampshades are made from blown glass and have 2 intriguing cavities which create an interesting aesthetic.

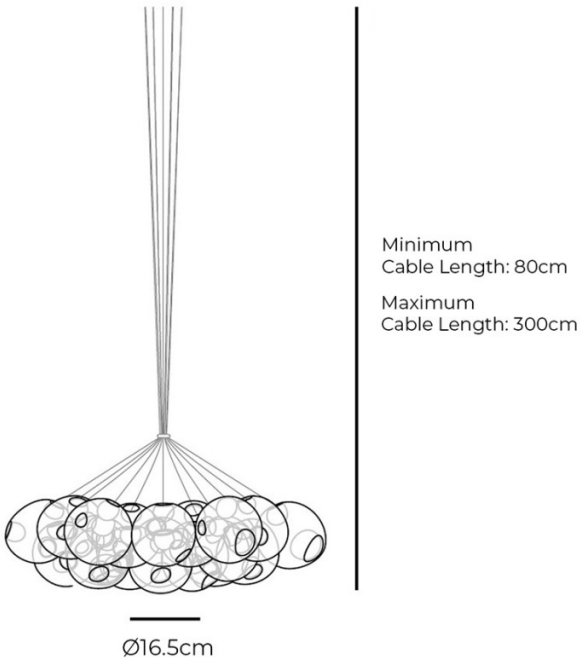

This Bocci Cluster Suspension also comes with light bulbs included by the brand, with a choice between the **LED 1.5W** bulb and the **Xenon 20W** bulb. The luminaire is a stunning addition to living rooms, dining areas and foyers; it can also adapt to both residential and more vast commercial interiors thanks to its variety of available sizes and configurations.

Please Note: All Bocci Suspension Lights come with a white ceiling canopy as standard. Other finishes are available; please contact us for more information and pricing.

The pendant light is also available in many different colour combinations which you can choose on their website. Please click here to create your own unique cluster and then forward your custom design to us so that we can send you a quotation. See the last image to the left for reference and how to send us your design.
