Mico Table Lamp by Prandina

The Mico table lamp was designed in 2015 by Sergio Prandina, the brand's founder. The lamp is made from blown opal glass which sits on a circular metal base. The glass diffuses the light to create an overall illumination, emanating to produce an ambient and warm light. The table lamp has curvaceous and round lines with an eye-catching design that is unique and interesting.

The Mico table light can be used in many settings and looks particularly good in lounges, bedrooms and dining rooms. The lamp is available in 2 sizes, the smaller T1 and the bigger T3, so you can find the right fit for your space, whether you want a lamp for a small office or a bigger lamp to light your bedroom. The table light is good for both professional and domestic settings and will not disappoint with creating a welcoming atmosphere.
